# Muhammad Osama Javaid

## SUMMARY

As an experienced ReactJS and NextJS developer with expertise in Node and Express, I am adept at creating responsive and dynamic user interfaces. My track record of delivering high-quality software solutions and developing scalable web applications makes me a valuable asset to any team. I am confident in my ability to take on complex development projects and exceed client expectations.

## WORK EXPERIENCE

*ReactJs Developer*  
**JMM Tech Limited, Peshawar**

02/2023 - Present

- Developing and maintaining web applications using JavaScript, React.js, tailwindCSS, Ant Design, Sass.
- Practiced all type of requests using Rest APIs. (CRUD)
- Used SwaggerApi & Postman for APIs testing.
- Collaborating with designers, project managers, and other developers to create user-friendly and visually appealing web applications.
- Participating in code reviews, testing, and QA to ensure the deliverables are of high quality.

*ReactJs Developer*  
**HuzaTech, IT Park Peshawar**

09/2022 - 02/2023

- Developing and maintaining web applications using JavaScript, React.js, Next.js, tailwindCSS, Material UI, Bootstrap.
- Worked on APIs Integration, practiced all type of requests using Rest APIs.
- Used Postman for APIs testing and aware of multiple NPM packages.
- Troubleshoot and debug issues that arise during development.
